Suit Against Plumbing Firms Is Assured

EL DORADO, Ark. (AP) — Atty. Gen. Joe Purcell says he is confident a suit will be filed against plumbing fixture companies alleging that certain manufacturers were guilty of price-fixing in selling their products to the state of Arkansas.

The possibility of the attorney general's office filing anti-trust proceedings against major manufacturers of such fixtures is being considered, Purcell said.

Purcell also said he did not know yet if his office would file a "class action" so that individual citizens could participate in the suit. He also did not say which companies were involved or how much money would be asked in restitution.

Galloway Gets Scholarship From Myers

Dwight Galloway, son of Mr. and Mrs. L.H. Galloway of Hope, is one of five Arkansas college students who will receive a Charles T. Meyer Foundation scholarship for the 1969-70 school year.

Galloway will use his \$800 scholarship to attend Arkansas State University in Jonesboro where he will be a sophomore. His mother is a 5-year employee of Meyer's Bakery of Hope.

Charles T. Meyer Jr., chairman of the executive committee of Meyer's Bakeries, announced that the scholarships will total \$3600 this year. This is the fifth year the Foundation has awarded scholarships to the children of Meyer's Bakeries employees.

One of the scholarships will be awarded to a student participating in the University of Arkansas athletic program. Meyer's Foundation sends a \$400 check each semester to the U of A Athletic Department for the student chosen by that department to receive the scholarship. This athletic scholarship has been awarded for over 10 years.

The other scholarships are awarded to children of Meyer's Bakeries employees. The recipients are chosen by a panel of educators at Little Rock University.

Dick Willis, son of Mr. and Mrs. Elston Willis of Hope, was the first student to receive the Meyer's Foundation scholarship. He received \$800 each year for four years. He graduated this year from the University of Arkansas.

Other students who will receive Meyer's scholarships this year are Miss Veleta Sue Fry, daughter of Mr. and Mrs. Clyde Fry of Little Rock, and Miss Judith Ann Lukas and Miss Cynthia Kay Lukas, daughters of Mr. and Mrs. N.B. Lukas of North Little Rock.

Inmates at Cummins File Complaints

LITTLE ROCK (AP) — Three inmates at Cummins Prison Farm filed complaints Thursday in U.S. District Court here charging mistreatment of prisoners, including use of the "Tucker telephone."

The inmates, Robert Courtney, Lawrence J. Holt and Thomas M. Hildebrandt, said in the complaints that they are in isolation cells at Cummins.

Courtney filed three complaints, including one in which he said two trustees and two prison officials tied one wire of a crank-type telephone to his toe and the other to a tender part of his body and sent an electric current through his body by cranking the telephone.

Courtney also alleged that he was beaten, kicked and stomped the day he was placed in isolation. He said two trustees and two free-world guards attacked him and inflicted the brutality while he was lying on his stomach.

Courtney said he was being held in isolation without benefit of a hearing and that he was in need of medical attention.

Courtney asked the court in another complaint to order the prison to deposit \$236, which he says was taken from him, in his prison account. Courtney said prison officials picked him up after he walked off a work detail Sept. 5, took the money from him and deposited in the inmate fund.

Hildebrandt says he was placed in isolation Aug. 15 for allegedly assaulting a guard and that he had not had a hearing on the charge.

All three inmates contend their rights were being violated.

Pleads Guilty to Car Theft

LITTLE ROCK (AP) — Charles Alvin Warden, 36, of Arnold, Mo., pleaded guilty Thursday to charges of transporting 23 late-model stolen cars in interstate commerce, but sentencing was postponed by U.S. District Court Judge J. Smith Henley.

Asst. U.S. Atty. Jim Mixon said 19 of the counts concerned automobiles stolen in the St. Louis area earlier this year and sold to used car dealers at Trumann, Jonesboro, Paragould, West Memphis and Pocatong.

Mixon said three of the cars were stolen in Illinois and sold in Missouri and that was stolen in Missouri and driven to Dyersburg, Tenn.

Health Program Cutbacks Are Extended

By G. C. THELEN JR., Associated Press Writer

WASHINGTON (AP) — The Nixon administration has extended its controversial health program cutbacks to five projects that apply research gains to patient treatment for chronic diseases, including cancer.

Budget authorities in the Department of Health, Education and Welfare have ordered drastic cuts this year, and termination next year, of the chronic disease programs involving cancer, respiratory ailments, diabetes, arthritis, heart and stroke and neurological and sensory disorders.

Dr. Stanley W. Olson, director of HEW's regional medical programs service, confirmed that five of eight units in his chronic disease division will lose more than half of their funds this year. Current plans are to drop them next year at a savings of \$9.7 million, he said.

The latest cuts follows announcement of plans by the National Institute of Health to pare 5 to 10 per cent from medical research outlays and to eliminate up to 19 small clinical research centers across the country.

The new budget restrictions are expected to increase already vocal protests from the medical community and some congressional leaders.

Sen. Edward M. Kennedy of Massachusetts, the Senate's No. 2 Democrat, spoke out against medical program cutbacks Thursday in a speech in Boston. "The impact of the cuts will be felt in medical schools, universities and research centers throughout the nation," Kennedy said.

The retrenchment in government health programs results from President Nixon's order to chop \$3.5 billion from the federal budget in the fight against inflation.

Seven Plead Innocent to Brutality

LITTLE ROCK (AP) — Seven persons, who have been charged with brutality involving inmates of three penal institutions, pleaded innocent Thursday to the charges.

The seven were among 14 named in brutality charges contained in indictments returned July 11 by a U.S. Grand Jury. Five others have also pleaded innocent and two have not been arraigned.

U.S. District Court Judge J. Smith Henley said he would try the cases of the seven in October and November.

Gary L. Haydis, former assistant superintendent of Cummins Prison Farm, and G. W. Thompson, assistant farm manager at Cummins, pleaded innocent to firing shotguns loaded with birdshot into a group of 100 inmates who were holding a sitdown strike.

Ernest Fletcher, a former warden at Tucker Prison Farm, pleaded innocent to a charge of assaulting an inmate with a strap.

The other four who entered innocent pleas were Edwin Lucas and Howard McCain, former field wardens at the Mississippi County Penal Farm and Herman Belk and Gene Emmerling, former assistant wardens at the Pulaski County Penal Farm.

Lucas and McCain are charged in the death of an inmate Oscar Lee Phelps, on July 24, 1965. Belk and Emmerling are charged in the death of an inmate, Curtis Lee Ingram Jr., on Aug. 2, 1968.

Two Berets to Testify Against Others

LONG BINH, Vietnam (AP) — Two of the eight Green Beret men charged with murdering a Vietnamese agent are not being brought to trial because the Army is arranging for them to testify against the other six Special Forces men, military sources said today.

The sources said the two men, Chief Warrant Officer Edward M. Boyle of New York City and Sgt. I.C. Alvin L. Smith Jr. of Naples, Fla., will be given immunity from U.S. prosecution, and the Army now is talking with the Saigon government to arrange for immunity at that end.

The Army announced Thursday that Col. Robert B. Rheault, 43, of Vineyard Haven, Mass., commander of the Special Forces in Vietnam when the agent disappeared, and five of his staff officers would stand trial before an Army court on charges of murder and conspiracy.

An Army spokesman also announced that charges against Boyle and Smith were being held in abeyance pending trial of the other cases. No explanation was given.

A U.S. Army spokesman said Boyle and Smith "are no longer under confinement but are in a parole status." However, he said the two men must remain on the Long Binh base 15 miles north of Saigon "so that they will be readily available."

The Army still refuses to make any details of the case public. But other sources have reported that the man killed was a Vietnamese working for the Special Forces in Cambodia who was discovered to be working for North Vietnam. The body reportedly was dumped in the South China Sea and has not been found.

Police Chief Says He Saw No Blood

EDGARTOWN, Mass. (AP) — Police Chief Dominick J. Arena says he saw no blood on Mary Jo Kopecne's body when it was removed from Sen. Edward M. Kennedy's submerged car last July 19.

Dist. Atty. Edmund Dinis declared Thursday he had information that there was blood in her mouth and nostrils and on her clothing. He raised the question whether this was "consistent with death by drowning."

Arena, who was present when a skin diver recovered the body, said: "When she was in my arms, waiting to put her on the boat, I saw no indication of blood."

Dr. Donald R. Mills, medical examiner for the district, who certified the cause of death as drowning, declined to comment on the Dinis statement.

Judge Bernard C. Brominski set a hearing on the petition for Sept. 29.

Doubletalk (From Page One)

It's the value of a present that counts.

"Let me congratulate you, Harry, it certainly was a well-deserved promotion." But I was the one who deserved it, you bum.

"Why Myrtle, after all these years we've been together, you certainly must know the reason I married you." — I was slow on my feet.

"Yeah, it's a real thrill to come back to these college reunions and remember all the fun we had here during those times that still seem like they were only yesterday. — What the hell is this guy's name anyway?"

"Young man, you wouldn't try to take a taxi from a rainy day, would you?" — If you even reach for that door handle, Buster, I'll put the point of this umbrella right through your ribs.

"My wife insisted that I come to this exhibition of your modern paintings, and I must say they show real depth and feeling. — Did you spread the paint on with a butter knife, or shoot it at the canvas with a shotgun?"

"Anytime I can do anything for you, just call on me." — And call...and call...until you're hoarse.

Electoral (From Page One)

"encouraging, dramatic and historic."

"This is an important step in building the momentum that could assure its passage in the Senate and, hopefully, guarantee acceptance by the state legislatures," he said.

The House vote disclosed solid bipartisan support for the proposal, which would scrap the system used to elect every President since George Washington.

Instead of voting for electors who then cast their ballots for the president, citizens would vote directly for their candidate.

And instead of counting up the electoral votes of the states to determine the president, the winner would be the candidate who got the most individual votes in a nationwide tally.

A candidate would have to get at least 40 per cent of the popular vote to win. If none did, there would be a runoff between the top two.

Opponents charged the 40 per cent provision could lead to a minority president, but Rep. Emanuel Celler, D-N.Y., manager of the bill, countered by pointing out that 15 presidents have been elected with less than 50 per cent of the popular vote. That includes President Nixon, who got slightly more than 43 per cent.

Celler brought the week-long debate on the measure to a dramatic, emotional close by declaring House passage would be "the crowning achievement of my life."

Haynsworth Hearing End Not in Sight

WASHINGTON (AP) — The Senate hearings into the appointment of Judge Clement F. Haynsworth to the Supreme Court moved into their fourth day today with no end in sight.

Conflicting testimony over Haynsworth's qualifications—more of which was in prospect today—marked Thursday's hearings by the Senate Judiciary Committee as the American Bar Association praised the nomination and the AFL-CIO condemned it.

George Meany, president of the AFL-CIO, accused Haynsworth of antiunion and anti-civil rights bias and a lack of ethical standards. He said Haynsworth "is not fit to be an associate justice of the Supreme Court."

His testimony came on the heels of an endorsement of Haynsworth's nomination by Lawrence E. Walsh, chairman of the American Bar Association's Committee on the Federal Judiciary.

Walsh said Haynsworth, now chief judge of the 4th U.S. Court of Appeals, is "a man of impeccable integrity" and that his professional qualifications are "at the top."

Meany accused Haynsworth of a disregard of ethical standards because of his participation in a 1963 decision. The appeals court ruled the Deering-Milliken could shut down a plant in Darlington, S.C., rather than deal with the textile workers union.

The labor leader said Haynsworth should have taken himself out of the case since at the time he had nearly a half-million dollar interest in Carolina Vend-A-Matic, a vending machine company doing \$100,000 a year in business with Deering-Milliken.

In contrast, Walsh testified the ABA committee concluded Haynsworth had no direct or indirect interest in the outcome of the Deering-Milliken litigation and had a duty to participate in the case.

Education Hearing Set

LITTLE ROCK (AP) — A hearing on a writ of mandamus filed in Chancery Court here Thursday against the State Board of Education is scheduled for Oct. 9.

Chancellor Murray Reed of Little Rock set the hearing date on the petition by Floyd Harber, former principal at Gosnell Junior High.

Harber alleges in his petition that the board was "irresponsible" and abandoned its obligations in denying his request for a hearing into the alleged falsification of school attendance records in the Gosnell School District (Mississippi County).

Wedding Vows Are Repeated

Miss Carolyn Ann Millican, daughter of Mr. and Mrs. Thomas J. Millican, became the bride of James Edgar Hickerson, son of Mr. and Mrs. Morris Lee Hickerson of Texarkana on Saturday, September 6, in a candlelight ceremony at the Walnut Street Church of Christ. Mr. Milton Peebles performed the double ring ceremony before a candelabra of votive lights and huckleberry greenery and a single arrangement of pink mums and fern. On each side of the candelabra was a spiral candelabra of votive lights and a seven branched candelabra. Candles were lighted by Bobby Osburn of Palestine, Texas, and Kent Thomas of Arkadelphia, cousins of the bride. Given in marriage by her father, the bride wore a fitted floor length gown of pea de sole with yoke and full length sleeves of silk organza. Remembrance Altar lace, accented with seed pearls edged the yoke and gathered the full sleeves at the wrists. Motifs of lace and seed pearls adorned the skirt, and the hem and train were edged in lace scallops. The finger tip veil of silk illusion was held in place by a headpiece of delicate lace leaves edged in tiny seed pearls. She carried a colonial bouquet of white butterfly roses centered with pink fleur de amour.

Her attendants wore floor length jumpers of turquoise pea de sole with fitted bodices and full skirts. Their blouses were of white organza with roll collars and full length Victorian sleeves fastened at the wrists with buttoned cuffs. They wore matching bow head pieces and carried colonial bouquets of deep pink Boston carnations. Maid of honor was Mary Beth Millican, sister of the bride. Bridesmaids were Mrs. Larry Hensley of Texarkana, sister of the groom, Miss Linda Kay Reece, and Miss Rebecca Ferguson of Pine Bluff. Tom Comstock of Little Rock served the groom as best man. Groomsmen were Tim Hickerson of Texarkana and Dr. Joe Wood of Lubbock, Texas, brothers of the groom, and J.C. Goleing of Texarkana, ushers were Winston Osburn of Jacksonville, cousin of the bride, Mark Wood of Lubbock, nephew of the groom, and Larry Hensley of Texarkana. For her daughter's wedding, Mrs. Millican wore a pink silk shantung suit with pink accessories. The mother of the groom wore a navy crepe dress with white accessories. Each pinned a cymbidium corsage at her shoulder. After the ceremony a reception was held at the Douglas Building. The bride's table was covered in white bridal satin overlaid with lace applied net with bows of white ribbon and miniature wedding bells at the corners. The table was centered with an arrangement of frosted pink carnations and fern in a silver candelabra. The three-tiered wedding cake and punch were served by Miss Pat Williamson of Strong, Miss Sandy Johnson of Aubrey, Mrs. Tom Comstock of Little Rock, and Mrs. Joe Wood of Lubbock, Texas. The grooms table was covered with turquoise illusion. The corners were accented with turquoise bows and white wedding bells. It held an arrangement of Boston carnations, Miss Tommye Power presided at the guest book. Rice bag girls were Misses Laura Wood and June Ann Downs. For travel the bride wore a navy and white linen suit with red accessories. The couple will reside in Arkadelphia where both are students at Henderson State College.

REHEARSAL PARTY

Mr. and Mrs. Morris L. Hickerson were hosts for the rehearsal luncheon honoring Miss Carolyn Millican, James Hickerson, and their wedding party at the Town and Country Restaurant on Saturday, September 6. Miss Millican was attired in a yellow linen and lace dress and wore a cymbidium orchid corsage. Arrangements of pink carnations decorated the tables where covers were laid for 35 guests.

SHOWER FOR BRIDE

Miss Carolyn Millican, bride-elect of James Hickerson, was honored with a miscellaneous shower in the home of Mrs. Mack Hickerson, in Texarkana on Thursday, August 28. Hostesses for the occasion were Misses Delphine Smith, Judy McAllister, Anita Roy and Mrs. Francis Hensley.

Mr. and Mrs. A.M. Hewitt have returned from Dallas where they took Mrs. Hewitt's mother, Mrs. Ted Crawford.

Mr. and Mrs. A.M. Hewitt have recently visited in El Paso and Mexico.

Television and Radio

By CYNTHIA LOWRY

AP Television-Radio Writer NEW YORK (AP) — Network television now is overloading its viewer as extravagantly as it starved him during the summer famine.

With ABC and NBC presenting on Thursday night the season premieres of some of their most popular programs—"That Girl," "Bewitched," "Daniel Boone" and "Ironside"—CBS busily loaded in a special to conflict with them, it was called "The Time of Man" and was based up to a point, on some unusual film and commentary obtained through the American Museum of Natural History.

The point of the program was that man is in danger of bringing about his own extinction by his interference—hardly a novel TV theme.

The program began by explaining the chemistry of the world's creation and moved step by step, through the age of dinosaurs. The program was most interesting when it lingered on sequences showing the tribal characteristics of some primitive African tribes.

Some film showed one tribe in which each man and woman takes care of his own needs without any feeling toward his fellow man and where children are turned out to fend for themselves at the age of three. Another tribe was shown in an ages-old ritual of warfare and reprisal, so old that it has lost

its meaning. The program made its point about the futility of war. But then it moved on to a portion that seemed to belong to some other program. This was a montage of old and recent film clips that in a few minutes ran through history from the time film was invented until the astronauts stepped onto the moon. Its sudden change of style and message suggested there was just not enough museum film to fill the hour.

The feast of the networks will continue over the weekend with full schedules of premieres and specials.

Tonight ABC will present a special, "A Matter of Conscience," a timely examination of ethics in government. Later NBC will have the premiere of "Bracken's World," (10-11 EDT) which is a series tied into life in a film studio.

Andy Williams' new variety hour will make its NBC debut Saturday at 7:30-8:30 p.m. EDT. On Sunday night, 7:30-9:30 EDT, CBS will present an extraordinary documentary, "The Royal Family," an informal portrait of Queen Elizabeth II as a working wife and mother. It gives television viewers a unique glimpse of life behind the iron gates of Buckingham Palace.

The 90-minute program—culled from 43 hours of material shot—was made with the consent and cooperation of the Queen and her family over a year's time and at a cost of some \$2-million. It was broadcast originally in Britain last spring.

Meet Pollution Regulations

SACRAMENTO, Calif. (AP)

California's Air Resources Board has approved virtually all 1970 model cars for sale in the state after they met new regulations on how much they can pollute the air.

The only car whose smog control standards the board didn't approve Wednesday was the foreign-built Alfa Romeo, but it still can be sold because it qualifies under a part of the anti-smog law dealing with unusual cases.

A new state law provides that new cars cannot be sold in California, the nation's leading auto market, starting with 1970 models, unless their exhaust smog output does not exceed state-set tolerances.

Young Hurler Keeps the Mets Alive

By MIKE BRYSON
Associated Press Sports Writer

On a cold September night in Canada, Manager Gil Hodges and his New York Mets were thankful they had their Tom Seaver around to keep them warm.

The brilliant young right-hander kept the red-hot Mets' pennant drive burning brightly with a five-hit shutout in a 2-0 victory over Montreal Thursday night that helped New York boost its lead back to five games in the National League east.

"I had to work fast in the last couple of innings because I started to feel the cold," said Seaver of the 50-degree weather that was almost as cold as the Mets' only serious challenger, the Chicago Cubs.

The Cubs dropped a 5-3 decision to Philadelphia in an afternoon game—their 12th setback in 15 games—in falling six games back of New York in the loss column. The Mets' magic number for clinching the divisional title was reduced to eight.

Meanwhile, the West Division race remained as scrambled as ever as Los Angeles knocked Atlanta out of first place with a 5-2 victory and San Francisco took over the top spot by beating Houston 9-3.

The Giants, however, hold only a half-game lead over the Dodgers and the Braves, while fourth-place Cincinnati is just two games off the pace despite a 7-1 loss at San Diego.

St. Louis nipped Pittsburgh 8-7 in the other NL game.

In the American League, Kansas City stopped Oakland 6-1; California defeated Minnesota 6-2; Cleveland edged Detroit 6-4; New York slipped past Washington 4-2; and Baltimore won the first game of a double-header 6-4, before losing 6-0 to Boston.

Seaver struck out nine in increasing his season total to 200 and kept the five hits well spaced in adding another chapter to the Mets' fantastic pitching during their pennant drive.

Seaver, who won his eighth straight pushing his record to 23-7, and Jerry Koosman, who shutout the Expos the night before, have been the mainstays of a staff that has now produced 11 shutouts in New York's last 35 games.

Met pitchers haven't yielded a home run in the last 22 games. During that span, the Mets have won 29 of 36 games—including 13 of their last 14—in roiling from 9½ games back of the Cubs on Aug. 13 to their present comfortable lead.

"They're determined. They believe in themselves," said Hodges. "They're playing better baseball defensively. We're getting good pitching and they have developed confidence and a great attitude."

Ed Kranepool gave Seaver all the help he needed with an RBI single in the first and a solo homer in the sixth, his 11th of the season.

About the only one who isn't conceding the title to the Mets is Cub boss Leo Durocher.

"I'm not going to give up, I'll tell you that," barked Durocher after Cookie Rojas' homer in the eighth touched off a three-run rally that gave the Phils their victory. "This thing isn't over yet. We just have to go out and challenge the Cardinals (the Cubs' next foe) and play like hell."

Jack Hiatt slammed a three-run homer and a run-scoring single to power the Giants past Houston. But the Giants had to wait some eight hours, until the Dodgers beat Atlanta, to claim solo possession of first place.

Rookie Ted Sizemore's bases-loaded triple in the sixth inning and Jim Lefebvre's single keyed a four-run Dodgers sixth that produced the triumph.

Orlando Cepeda's two-run homer in the second, his 21st, was the only damage off winner Don Sutton, 17-15.

Rookie Clay Kirby, 6-19, scattered nine hits in beating Cincinnati for the third time in five decisions this season.

Jose Arcia backed him with four hits, including an RBI double that touched off a six-run Padre fire. Roberto Pena had a two-run single and Nate Colbert an RBI single, while pitcher Dennis Ribant walked in one run and another scored on a passed ball in the big inning.

Juniors Score Win Over DeQueen Cubs

By RALPH ROUNTON
Star Sports Writers

With halfback David Johnson scoring three touchdowns on 133 yards rushing, the Yerger Junior High Bobkittens plastered the DeQueen Leopards 27-0 last night at DeQueen.

All of Johnson's runs came in the first half, and he had an 83-yard punt return nullified in the second period by a clipping penalty at midfield. Now the Kittens are 2-0 for the year, and have outscored their first two opponents by a total of 52-0.

Making all their yards on the ground, Yerger scored twice in the first segment on runs by Johnson, covering 30 and 41 yards. Two extra points made it 14-0 at the quarter, and before halftime the fleet 8th grader scored the third time, this one a 49-yard scamper.

That made it 20-0 at halftime, and Coach Gaylord Solomon played everyone freely for the remainder of the contest. Still the Leopards could not advance the football very well, and they were held to two first downs for the night.

Fullback David Huddleston scored the final Hope TD in the third period, barging over on a four-yard run. Once more the PAT was good, and the 27-0 count held up the rest of the way.

Johnson's 133 yards on eight carries easily led Yerger, and quarterback Buddy Ingram ran the ball six times for 41 yards. Huddleston picked up 29 more on five tries, and Brown gained 16 yards on three trips. Fullback Joey Barnhill led DeQueen with 32 yards on seven attempts, and Allen Stanford garnered 29 more on eight runs.

Penalties hurt the Kittens for 105 yards, wiping out a score by Johnson and a 67-yard interception return by Jackie Barker. However, the squad gained the winning experience against Prescott and DeQueen that they will need when they return home to face the Arkadelphia Beavers, unbeaten in three years, next Thursday night at Hammons Stadium.

Hope to Be Trying for Second Win

By RALPH ROUNTON
Star Sports Writer

It's been many years since the Hope Bobcats have beaten Prescott and De Queen on consecutive Fridays. After whipping the Curley Wolves 27-0 last week, the Cats take the road tonight to face the De Queen Leopards at 7:30 p.m.

With a 14 record so far, Hope has been labeled as a consensus favorite for the game at DeQueen. Artis Martin will be shooting for 100 yards rushing for the third straight game, and there is no doubt he will get the call at least 15 times Friday.

Last Friday's article expounded the fact that the Bobcats needed several "big" wins to regain confidence and insure team pride. That wish was granted against Prescott, and Coach Ronnie Higgins is hoping for a repeat at DeQueen.

Maybe for the only time this year, Hope has an opponent whose starting linemen average more pounds per man. The Leopards will be slightly over 190 pounds across the front, and on defense the forward four average 205.

The advantage for the Cats is better depth, starting four men both ways with replacements ready for all four. On the other hand, the Leopards have nine two-way starters, and the subs are not as competent.

Keys to the game are Hope's ability to adjust to the DeQueen "27" defense, the closeness of the score in the second half, and the success of the Bobcats in running the football.

Quarterback Ronnie Massaneli may not throw seven passes tonight if the rushing attack opens up as it has potential to. With such an impressive offensive forward wall, the Bobcats should be disappointed with less than 200 yards on the ground every week along with 15 first downs.

Those figures may sound outlandish, but they are quite within reason. The line of Davis, McQueen, Brown, Wright, McWilliams, Alford, and Still should be able to whip any defense on the schedule, including powerhouses like Camden and Magnolia. They just need the confidence.

Also, fans attending the game will see more Bobcat plays run out of a strong set, pulling flankerback Roger Newton in the backfield at halfback. In the set, Artis Martin and Gary Jones line up in an "I" behind the quarterback, with Newton in a regular halfback spot to the left or right.

When all is done, the game could well be high-scoring. Anticipating such, and remembering that DeQueen is 0-2 now, this writer calls it 20-0 for Hope, with the Bobcats hanging on to that winning feeling. And in a pair of upsets, look for Camden to upend Mangolia and Malvern to beat Russellville.

Openers Are Always Special to Coaches

By DENNE H. FREEMAN
Associated Press Sports Writer
Season openers are always special to football coaches in the prestige-conscious Southwest Conference, but for new Baylor coach Bill Beall it's the biggest game of his life.
Kansas State invades Waco Saturday night to test Beall's Bears. It's the first game as a head coach for the former Louisiana State assistant.
"Boy, is it going to be a big game for us," Beall says. "It's my first game and I've come to a place that has been losing. A lot of things hinge on whether we get off on the right foot. We've got to see if our program is going to pay off real quick."
Of course, it won't be the end of the world in case something goes wrong. There are a lot more ball games. But gosh this is so important, I haven't had time to get nervous. But just wait until Saturday, Oh Boy!"
Baylor is a slight favorite over the Big Eight Wildcats, who have been palsies for years but are now on the comeback behind Coach Vince Gibson.
Baylor will be more ground-oriented and defense-minded than in the past. Kansas State operates from a wide-open pro set.

"It should be a hittin' contest," Beall says.
The other intersectional battles find Southern Methodist at Georgia Tech; Arkansas and Oklahoma State hooking up at Little Rock; Purdue at Texas Christian and Texas at California in day games. Rice hosts Virginia military Institute, Texas A&M is at Louisiana State and Kansas is at Texas Tech in night battles.
The SWC is already 0-1 for the season with SMU falling 26-22 to The Air Force last weekend.
The Mustangs have worked hard to correct their tendency to be late starters.
"I might have to scrimmage the team 20 minutes before a game starts each time, so it will be ready to play when the official time begins," says coach Hayden Fry with tongue in cheek. SMU will pit the nation's leading passer, Chuck Hixon, against heralded Tech sophomore Charles (The Dude) Duda.

Arkansas, SWC co-champion and Sugar Bowl King, is a heavy favorite to sock it to the CSU Cowboys. Quarterback Bill Montgomery and Chuck Dicus provide a great pass-run combination for the Razorbacks, who clipped the Cowboys 32-15 last year.
Big 10 toughie Purdue is favored to mash TCU. Boilermaker quarterback Mike Phipps was third nationally in offense last year. The Horned Frogs will go with green but confident Steve Judy at quarterback—the first soph to open as man-under for TCU in 17 years. Norman Bulach gives TCU thunder on the ground.
"Bulach is the best running back in the country," says TCU coach Fred Taylor. "If Bo moves, so will the team."
Cotton Bowl champion Texas is at California in a regionally televised match. The Longhorns are favored, but Coach Darrell Royal is worried about his defense. "It's not as strong as last year," Royal says. On offense, Texas features its "Wish-Bone" triple option series with James Street at quarterback and power runners Ted Koy and Steve Worster.
Rice will probably start the first Negro quarterback in SWC history when it takes the field against VMI. Stahle Vincent is expected to get the nod over Phillip Wood of McKinney.
Rice is favored over its Southern Conference foe.

Sophomore-laden Texas A&M is a two-touchdown underdog to LSU, which returns 32 lettermen from its Peach Bowl championship team. Jimmy Sheffield succeeds Edd Hargett as the Aggie signal caller.
Kansas and Texas Tech will share common problems when they renew their young intersectional series. Both will field young offensive lines and both will try to generate an offense to match strong defensive units. Kansas, the Big Eight co-champion and Orange Bowl runner-up, is a slight favorite over the Red Raiders who have beaten the Jayhawks in two earlier games.
The SWC has history on its side in the openers. Its combined record against the eight schools is 522 on 141 wins, 128 defeats and 21 ties.

Fears Okla. State to Be Pass Happy

By HARRY KING
Associated Press Writer
LITTLE ROCK (AP) — Frank Broyles says almost any football coach would rather his opponent run than pass, but fears Oklahoma State will be "pass-happy."
Broyles' Razorbacks open their season Saturday afternoon against OSU at Little Rock.
"I think any coach feels that the pass can give you the sudden six," Broyles said. "At least the running ball gives you a chance to catch your breath. It's slower."
Broyles is counting on his experienced defense to adjust no matter what the Cowboys come up with under new Coach Floyd Gass.
"We're hoping our experience on defense won't let us get disorganized if they run some things we don't expect," he said. "It's easy to get disorganized in your first game or two if you're not careful."
"A team that uses a lot of formations can get a defense rattled," he said. "We hope our defense can react and make the adjustments."
The defense, which was labelled "suspect" by Broyles at the beginning of the 1968 season, grew into an adhesive unit that reached the heights in the 16-2 Sugar Bowl victory over previously unbeaten Georgia.
The front four — Gordon McNulty, Rick Kersey, Dick Bumpas and Bruce James — return. Middle linebacker Cliff Powell has missed most of fall practice with an injured toe and may not be able to play four quarters.

Football Gets Into Full Swing Saturday

By KEN RAPPOPORT

Indiana has the potential, Penn State has a puzzle, and Southern California has a problem as most of the nation's major college football teams open the 1969 season Saturday.
Indiana's power-packed Hoosiers, most everyone's choice to represent the Big Ten in the Rose Bowl this year since Ohio State cannot repeat for the trip, plays at Kentucky in their curtain-raiser.
Penn State, ranked No. 2 in the nation last year, faces "an unknown quantity" in Navy, according to Coach Joe Paterno.
And Southern California, which lost to top-ranked Ohio State in the Rose Bowl last year, meets Nebraska with the possibility that No. 1 quarterback Jimmy Jones will be on the shelf.
Kentucky will be eager for a successful start under new coach John Ray, formerly of Notre Dame. But it appears that the hot shot Hoosiers have too much power with the passing of Harry Conso and running of John Isenbarger and Jade Butcher.
Paterno says Penn State's game with Navy is the most difficult opener he's faced.
"We know so little about Navy," said Paterno. "They have a new coach, new system and new staff. They're an unknown quantity."
The Middles, who meet Penn State at Annapolis, Md., are under the guidance of Rick Forzano, former coach of Connecticut and an assistant with the Cincinnati Bengals of the American Football League.
Coach John McKay of Southern California says that Jones, a highly touted sophomore has been troubled the past several days with muscle spasms in his back and may not play at all.
McKay said a final decision will not be made until game time. With two other candidates ailing, the job may fall to the No. 4 quarterback, Greg Briner.

Academy Award winner Cliff Robertson stars in "Charley" which plays the Saenger Theatre in Hope the late show Saturday night and also Sunday and Monday. Starred with Robertson is Claire Bloom.

Disease Menace
Increases for
Dog Population

Men with hunting dogs know about this, but being a non-hunter I didn't learn the facts until recently — that the incidence of heart-worm infestation in Hope and Hempstead county poses a steadily-growing threat to our dog population.

The manner in which a dog becomes infected is particularly ominous. You keep him fenced in, feed him properly, you see that he gets the full routine of "shots" to prevent rabies, hepatitis, etc. — and still he develops a case of heart-worms. Here's how it goes:

One dog can't infect another dog directly. The disease is transmitted by mosquitoes. A mosquito stings an infected dog, then plants the microorganism in the bloodstream of a healthy dog. The worms are generated in the bloodstream. Unless they are checked by medication the worms multiply and spread, until they reach the dog's heart and kill him.

One of the earliest symptoms is that a dog loses control of his hind quarters, as though his back legs suffered partial paralysis. The worms are beginning to attack his circulatory system. Get him to a veterinary fast and begin medication — or you will lose the dog.

It always pays to keep a close eye on your cherished pet. One night I noticed my Boxer had trouble getting his hind legs up a couple of steps to the kitchen — an ominous sign in a big, active dog only 4 years old. Out to the veterinary he went the next morning and I got the bad news about heart-worms.

Treatment is by "shots" and a series of daily pills. The worms are gradually killed out in the blood-stream, preventing a fatal accumulation in the heart. You may encounter a second seizure in the dog, more severe than the first, but chances are this is merely a convulsion due to the medicine's attack upon the worms. If he's a young dog you'll probably save him with prompt treatment — but the odds are against an older animal, the veterinary says.

If "shots" are the treatment, you ask, why not give a healthy dog "shots" to begin with and ward off any threat? But the "shots" aren't a preventative like an inoculation for rabies or hepatitis. They have no lasting value — are used only when the dog is known to be infected.

Twenty years ago C.V. Nunn, former Hope auto dealer, told me about heart-worms killing his bird dog. Not much was known about treatment back yonder, but obviously the disease has existed for years.

At Sarasota, Fla., a couple of years ago I picked up a report that salt-water mosquitoes killed dogs wholesale on the Gulf Coast. My informant failed to mention heart-worms, and the statement about mosquitoes didn't make much sense standing alone. I got the answer from Dr. Herbert Rogers, local veterinarian, when I mentioned the Florida report. He said Florida had one of the top heart-worm infestations in America — due to the mosquitoes on its salt-water coast.

Obviously the disease's spread is governed by two factors — the number of infected dogs, and the number of mosquitoes on hand to transmit heart-worms to healthy animals. The problem: To check and cure all ailing dogs, and to stamp out mosquitoes — as tough a twofold job as ever confronted dog-lovers.

Meanwhile — watch your own dog; he may be next on the list.

Bennett DWI Case Delayed at Little Rock

LITTLE ROCK (AP) — The charge of driving while intoxicated against former Atty. Gen. Bruce Bennett of El Dorado has been continued until Oct. 2 in Municipal Court here.

Judge William Butler agreed to the continuance after Bennett's attorney, Jack Wessenberry, pointed out that Bennett recently underwent surgery for throat cancer at St. Louis. Bennett was arrested Aug. 25.

One Killed, 21 Hurt in Wreck at Texarkana

TEXARKANA, Ark. (AP) — A three-vehicle accident killed one person and left 21 others injured on U.S. 71, one-half mile north of Texarkana Thursday night. Four remained hospitalized today.

Mary Hawkins, 12, of Ashdown was killed when the truck she was returning home in from the fair at Texarkana was struck from the rear by a car driven by Johnny Cooper, 24, of Ogden, police said.

Cooper was not injured. State Police said that Cooper's car was traveling north at a high rate of speed when it ran into the rear of a truck driven by B.J. Jetton. The truck was pushed across the center line, where it struck the rear of a third car, driver by Joe Edward Ward, 27, of Texarkana, the truck then over turned three times.

Injured were B.J. Jetton, Roy Lee Jetton, 3, Benny Jetton, 17, Ethel Fay Jetton, 18, Lurlean Jetton, 14, Brenda Jetton, 13, Mary Ellen Jetton, 13, Cleonetta Jetton, 12, Jessie Jetton, 10, Quincy Jetton, 7, Rodney Jetton, 5, Barbara Jetton, 5, Charlotte Jetton, 6, Augusta Pennon, 46, Loretta Marie Pennon, 9, Jacqueline Pennon, 7, Tommy Pennon, 8, Earnestine Hawkins, 9, and Delois Hawkins, 6. All the injured listed an Ashdown address.

Cloudy Skies for Football Game

Newsman Are Accosted at Forrest City

FORREST CITY, Ark. (AP) — Three newsmen, including two members of a National Broadcasting Co., television crew, were accosted by whites Thursday outside Forrest City High School and Sam Smith Junior High.

The Forrest City School Board closed both schools Wednesday night after several white students walked out.

Bob Gilmarin, a reporter for Little Rock television station KATV, said he went to the school complex to shoot some color film of the schools being closed. He said he was cursed and threatened with a beating for coming to Forrest City. Gilmarin said a crowd of whites confronted him at Sam Smith Junior High School and accused him—as a member of the news media—of distorting the facts in the Forrest City racial situation. He said the crowd of about 25 to 30 grabbed his camera and exposed the film.

He said he was allowed to leave the city unharmed after two Forrest City policemen arrived.

The two members of the NBC crew were hit on the head with footballs thrown by the crowd. All the tires on the two cars they were using were slashed. It was also learned that Mrs. Sue Saunders, the Arkansas Gazette's correspondent at Forrest City, was allegedly stomped Wednesday by a white woman.

Mrs. Saunders said the woman accused her of not telling the white side of the story in the Forrest City situation and told her "you want niggers and whites together."

In another development, faculties of the two schools issued statements supporting the school administrations, questioning the wisdom of closing the schools and criticizing a "let-down" by some parents.

About 46 students walked out of classes Tuesday, protesting alleged threats and intimidation by Negro students. The faculty of the junior high school said in its statement that the closing of the school would "impair the educational progress of our children."

The statement says the problems that have arisen "could have been resolved by the administration and faculty, if left within their jurisdiction."

The statement by the senior high school faculty said, "In a free society, the educational process dies without the support of the entire community."

The statement said there had not been an administrative breakdown in the schools, "but a let-down by some of the parents."

Gordon Football Player Dies

GURDON, Ark. (AP) — Joe Jester, 17, of Gurdon died early today of injuries he received while playing football for the Gurdon High School team last Friday in Mineral Springs.

The son of Mr. and Mrs. Wilbur Jester of Gurdon, he had undergone surgery earlier this week in Little Rock.

The football game between Gurdon and Ashdown tonight has been canceled due to Jester's death.

No Draft in November, December

WASHINGTON (AP) — President Nixon today canceled all November and December draft calls and ordered that the 19,000 men scheduled for induction in calls and ordered that the 29,000 men scheduled for induction in October be called over a three-month period at a monthly average of less than 10,000 men.

Reading a statement to newsmen at the White House, Nixon said lessened military manpower requirements—due in part to Vietnam troop withdrawals—made it possible to cancel programmed draft calls for 32,000 men in November and 18,000 in December.

The action came very close to an outright two-month suspension of the draft. However, Nixon said that the 29,000 men originally slated for induction in October would be called over a three-month period ending Dec. 31.

The President also announced that if Congress fails to act on the draft reform legislation he proposed on May 13, he would issue an executive order aimed at sharply reducing the number of years during which young men face the uncertainty of possible induction. He said, however, that no executive order could accomplish his objectives "as clearly and effectively" as the proposed legislation.

Arrested on Charge of Bank Robbery

TEXARKANA, Ark. (AP) — Leslie Smith, 39 of Shreveport, La., was arrested in Texarkana Thursday on federal bank robbery charges.

Smith was charged with the Sept. 18 armed robbery of a Plain Dealing, La., bank netting \$4,800.

Special FBI agent Herbert Hoxie of Little Rock said \$2,000 was recovered at a Shreveport residence and \$126.55 was recovered on Smith at the time of his arrest.

Burglars Carry off Safe, \$1,500

Burglars broke into the Hempstead County Farmer's Association store on Division Street last night and carried off a safe that contained \$1,500 in cash and checks, City Police Chief Alvin Willis said today.

It could not be immediately determined what portion was cash and checks.

The burglars entered the store through a rear window and simply carried the safe off. It was discovered this morning when store manager Barney Starkey opened up.

Sheriff Jimmie Griffin said the safe was found about mid-morning on a rural road behind the Experiment Station. It had been blown open and all contents were gone.

Only small change was taken in two burglaries here the previous night from Oliver Mills' shop and A.Z. Turner's Store.

Scattered Fighting in Vietnam

SAIGON (AP) — The U.S. Command today reported only light scattered ground fighting in Vietnam, but American B52 bombers dropped 1,200 tons of bombs along the Cambodian border northeast of Saigon.

The new raids came on the heels of a report from U.S. officials in Washington that the Nixon administration is prepared to negotiate an end to the B52 raids in South Vietnam if the North Vietnamese and Viet Cong de-escalate the war.

273 Injured in Train Derailment

CHICAGO (AP) — An elevated train loaded with homebound passengers rammed the rear of another train at the height of the evening rush hour Thursday, injuring 273.

Three cars were derailed, one of them landing on its side. No cars fell into the street 25 feet below.

Scores were taken to hospitals, but only eight were found to have suffered more than superficial injury.

The fire department helicopters shuttled the injured to emergency wards. Firemen lowered passengers to the street with ladders and mobile cranes.

A spokesman for the Chicago Transit Authority said the accident, at 40th Street and Indiana Avenue, occurred after mechanical failure halted one train. The crash stopped traffic on the elevator.

Adult Classes Planned at Blevins

A meeting will be held in the Blevins Junior High Building at 8 p.m. September 25, 1969 for the purpose of organizing adult classes for the coming year. All persons 16 years of age or older who have been out of school for at least one year but did not graduate are invited to attend this meeting.

An attempt will be made to organize a class in General Adult Education and also a class in Basic Adult Education. A class can not begin unless at least 10 persons are signed for the instruction.

\$317 Million Paid for Dierks

HOT SPRINGS, Ark. (AP) — Weyerhaeuser Co., Inc., of Tacoma, Wash., Thursday purchased Dierks Forests, Inc., for \$317 million in cash and a new issue of Weyerhaeuser's convertible preferred stock. Dierks, with headquarters in Hot Springs, owned 1.8 million acres of forest and eight manufacturing facilities in Arkansas and Oklahoma.

The newly acquired factories employ 3,000 people in forestry and manufacturing operations.

Electoral Reform Vote Overwhelming

By JOHN BECKLER
Associated Press Writer
WASHINGTON (AP) — A proposed constitutional amendment calling for the direct, popular election of the president has been approved by the House in such an overwhelming fashion that even the measure's supporters are surprised — and pleased.

The size of Thursday's vote—339-70—raised backers' hopes that the proposal can win Senate approval, state ratification and become the 26th amendment to the Constitution.

However Senate prospects for the proposal are uncertain. There is strong opposition in the Judiciary Committee, where the question of electoral reform is now stalled.

And several weeks ago Sen. Birch Bayh, D-Ind., chief supporter of the amendment, said it was 13 votes short of the needed two-thirds majority on the floor. But Bayh took heart from the House vote, which he called

Doubletalk Can Often Get You Anywhere in the Game of Society

By HAL BOYLE
NEW YORK (AP) — Flattery may get you nowhere, but double talk can often get you anywhere in the social game. Double talk, of course, is the art of saying one thing while thinking another. It enables one to go on for years, if necessary, without saying a thing he means or meaning a thing he says.

For the uninitiated, here are a few samples of double talk, followed in each case by what the person who spoke was actually thinking:

"Gee, Joe, I never saw you looking better. Why don't you get out of that bed and give it to someone who's really sick?"—

Office of Economic Opportunity About to Undergo Big Shakeup

By JEANHELLER
Associated Press Writer
WASHINGTON (AP) — The Office of Economic Opportunity is about to undergo a drastic shakeup of headquarters personnel. The disclosure left nearly 100 of the antipoverty agency's employees without specific duties and facing an uncertain future.

The shakeup disclosure was made suddenly and apparently without warning Wednesday in a memorandum from OEO Director Donald Rumsfeld to all 1,100 headquarters personnel. Attached to the memorandum was a list of about 900 people who will have definite new assignments.

Those not on the list, many in the \$15,000 to \$20,000 salary range, were told they were being put in a pool, to be used wherever they were needed, until their future was decided.

Sources within OEO said many of the 100 people left in professional limbo had been associated with the antipoverty agency's more controversial programs.

Some expressed the fear they were being eased out of the

agency entirely. An OEO spokesman denied that these people were on "a black list," but stopped short of guaranteeing that all would have jobs when the reorganization is complete. "There are some very good people who are not on that list," the spokesman said. "That doesn't mean they won't be reassigned. Some of them are worried, sure. They probably have good reason. But some of the people are being snatched up already and we're certainly not taking them as one big group and throwing them out."

Referring to those not on the list, the memorandum said: "If your name does not appear on the lists, supervisory personnel and representatives of the personnel office will contact you directly and discuss assignment possibilities. Until you are reassigned, you will be retained in your present title, grade and salary, in an unassigned status, available for detail or loan to any of the OEO offices and divisions where your services can be utilized."

Boy, he sure looks like a goner. He'll never walk out of this hospital. "I'm in a tough spot, and as you're one of my oldest friends, I've come to you for advice."—After you lend me the \$500 I really need, then I'll listen to your advice.

"You mean you wallpapered this entire room all by yourself?"—It looks like you'd been helped by a herd of thumb-fumbling elephants.

"After all, it isn't the value of a present that counts, it's the sentiment behind it."—After all, See Doubletalk (On Page Two)

27 Become Hospital Volunteers

Twenty-seven received gold-colored smocks and paid dues to become official members of the Hempstead County Memorial Hospital Auxiliary on Tuesday, September 16 at a luncheon meeting in the Diamond. Don Abbott, assistant administrator at Memorial, answered questions from those attending. Beginning October 1, visiting hour supervision will be handled by the Hospital Auxiliary Volunteers, and plans are underway for setting up a gift shop as the result of recent approval by the hospital board.

More Volunteers will be welcomed into the organization, and anyone interested in joining is asked to call the president, Mrs. Ernest Latchem.
